The Honorable Mayor and Members of Council
Town of Windsor, Virginia

Dear Ladies and Gentlemen,

This is my 2015-2016 budget proposal. This document includes my proposal for the operating budgets for the General Fund, the Water Fund, and the Space Needs Fund as well as my proposal for the five-year Capital Improvements Plan (CIP) for the period Fiscal Year 2015-2016 through Fiscal Year 2019-2020. This document is submitted to you for your consideration, and I recommend that you approve and adopt the enclosed budgets and CIP.

Each section of this budget is superseded by a narrative statement that further explains the goals, objectives, personnel, and details of each section of this budget. As such, each of these narratives is an integral part of this budget message.

As with the previous year, this year includes an independent budget for the Space Needs Fund. This will allow us to better track expenses that are associated with that fund.

I recommend that we maintain our current real estate tax rate of \$0.10 per \$100 of value. However, we will need to continue to review our tax rate with upcoming years as we continue our effort to serve the citizens of Windsor in the best way possible.

I also recommend that we maintain our current personal property tax rate of \$0.50 per \$100 of value.

Discussion of General Fund Revenues

Real Estate and Personal Property Tax Revenues

As you know, the Isle of Wight County Commissioner of Revenue is responsible for conducting the assessment of real property values within the Town of Windsor. The County conducts this assessment once every two years. We anticipate a very small increase of 0.4% in real estate property values. Therefore, one penny on our real estate tax rate will still generate approximately \$20,000 in real estate tax revenues for us for Fiscal Year 2015-2016.

As with real estate, the Isle of Wight County Commissioner of Revenue is also responsible for determining the value of personal property within the Town of Windsor. He is forecasting the overall values of personal property will increase by 1% for the upcoming fiscal year.

Other Local Taxes

This category of revenues contains our second largest source of revenue, the meals tax. As a category, it generates more revenue for the Town than the general property tax category. This group of revenue sources is also the group that is most directly related to the state of the economy. As such, they have a tendency to fluctuate as the economy does. This group has the potential to be very unstable.

Payments (Reimbursements) from Other Funds

We include in the 2015-2016 General Fund revenue a payment from the Water Fund for indirect services that the General Fund provides this fund.

The Water Fund's indirect payments to the General Fund are adequate, and the General Fund does not subsidize the Water Fund.

The payments from the Water Fund total \$63,240 for fiscal year 2015-2016.

Discussion of General Fund Expenditures

As with previous years, this year the salaries for employees that provide services to both funds are split funded between the two Funds. As such, only a portion of the salary and benefits for the Town Manager, Clerk, Treasurer, Assistant Clerk/Treasurer, Maintenance Supervisor, and Maintenance Man appear in the General Fund, and the remainder appears in the Water Fund. The total salary cost for the Town as a whole is \$841,125.72. The General Fund portion of the salaries is \$667,171.58, and the remaining \$173,954.14 appears in the Water Fund.

Included with the budget is a description of the various line items contained within the operating budget. This list appears again in this year's budget beginning on page 10. A majority of the line items are generic, and are defined under the "Generic Line Items" heading. Any line items that are specific to a given department will be defined under that department's heading. These are to be used as general definitions of each line item, and any examples of items included in said line item are not all encompassing. This is done in an effort to better help the reader understand what is included within the various line items of our operating budget.

Discussion of the Water Fund Budget

We operate our Water Fund as an “enterprise fund” in which revenues from the operation of the Town’s water system are sufficient to cover system expenditures without funding assistance from the General Fund. This Water Fund budget proposal does not contain any financial assistance from the General Fund.

Water Fund Revenues and Expenditures

We essentially only have one source for water revenues: the sale of water to our water customers.

We must routinely evaluate our water rate, and make adjustments as necessary. This year I recommend that we maintain our current rate of \$7.00 per 1,000 gallons with a minimum bill of \$24.50.

Depreciation

Accounting principles require governmental enterprise operations, such as our Water Fund operation, to not only show depreciation as an expense, but also to fund the same. This process provides the owner of the enterprise operation with a method to fund the replacement of the physical assets of the system as these assets wear out or become obsolete. Even if the owner of the enterprise system does not fully fund depreciation, the owner (or the owner’s auditor) must show the full amount of the annual depreciation as an expense in the comprehensive annual financial report for the operation. In such a case in which the owner does not fully fund depreciation in a given budget year, even though operating revenues may equal operating expenses, the owner must show that the operation operated at a deficit because the owner did not fully fund depreciation.

In order to fully fund depreciation for 2015-2016, you would have to set your water rate at approximately \$9.65 per 1,000 gallons. I do not recommend that you do this.

Capital Projects

The only significant capital project contained within this year’s budget is the construction of a new public works facility. This project has a total budgeted amount of \$230,000. It is split funded between the Water Fund and the General Fund. As such, you will see \$115,000 in both funds for this project.

Five-Year Capital Improvements Plan (CIP)

This document includes the proposed Capital Improvements Plan for the five-year period covered by fiscal years 2015-2016 through 2019-2020. The CIP should not be a "*wish list*" of projects; instead, it should be a realistic program of projects that the Town intends to undertake within the next five years. As such, in developing the CIP, we must take into consideration the Town's ability to finance these projects. I am recommending a CIP that fits within the Town's financial capabilities for the next five-years.

Summary

This is my 2015-2016 budget proposal; the tabs entitled General Fund and Water Fund constitute the "*Town of Windsor, 2015-2016 Operating Budget.*"

This budget is balanced in both the General Fund and Water Fund.

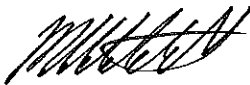

Furthermore, I have balanced this budget without cutting services.

The following page provides you with a summary of the revenues and expenditures for upcoming fiscal year; the pie charts that follow that summary give you a graphic summary of our General Fund revenues and expenditures.

Behind the last tab of this document are the various ordinances and resolutions that you must consider and adopt in order to implement the 2015-2016 budget and five-year Capital Improvements Plan.

I recommend that you give these ordinances and resolutions your favorable consideration.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Michael Stallings', written in a cursive style.

Where The Money Comes From

Where The Money Goes

The General Fund

Introduction

The major difference in local government budgeting and accounting versus private sector budgeting and accounting is that the local government budgets and accounts for its monies by utilizing a variety of “funds.” The Town of Windsor has the following funds:

- The General Fund
- The Water Fund
- The Town Center/Future Development and Space Needs Fund

The Town’s largest fund is the General Fund. The 2015-2016 General Fund portion of the budget totals \$1,635,754 and it is balanced.

Presentation of Salary Information

Some employees of the Town do work for both the General Fund and the Water Fund. Those positions are “split funded” between the two funds. As such, a portion of these employees’ salary will be shown in both the General Fund as well as the Water Fund. The total salary for each employee is shown in the personnel detail for each General Fund Department. The General Fund also provides some non-personnel services the Water Fund. For example, for making and mailing of water bills, the General Fund pays for both the purchase of the paper to run the bill and the mailing of the same. The General Fund reclaims this expense by charging the Water Fund an “indirect expense.” This shows up as an expense in the Water Fund, and it shows up as revenue in the General Fund.

Net General Fund Revenues and Expenditures

The indirect expenses that the General Fund charges the Water Fund total \$63,240; therefore, the General Fund's net revenues and expenditures total \$1,572,514.

Again, the General Fund is balanced.

General Fund Revenues

Town Management has taken a conservative approach in forecasting revenues for 2015-2016.

The tab "GF-Revenues" provides you with a line-item presentation of the General Fund Revenues.

General Fund Expenditures

Like with revenues, Town Management has taken a realistic approach in developing the General Fund expenditures so that they match revenues without the need of a tax increase. As such, there are no new programs in the General Fund for 2015-2016. The 2015-16 budget maintains the existing level of service.

The tab "GF-Expenditures" provides you with a department-by-department, line-item presentation of General Fund Expenditures.

Line Item Descriptions

Included in the budget is a description of the line items contained within the expenses portion of our operating budget. These descriptions are found on the pages immediately following this page. Line items that are generic throughout departments are listed together, and any line item that is specific to a given department is listed under that department. This was done in an effort to help the reader better understand the items contained within each line item.

Generic Line Items

Advertising – This line item includes any advertising such as advertising for job openings, public hearings, public notices, or any items related to the given department.

Dues and Subscriptions – This line item includes any membership dues and subscriptions related to the given department.

Equipment Repairs and Maintenance – This line item covers the cost of any repairs and maintenance to equipment used within the public works department such as the lawnmowers, back hoe, or others.

Part-time – Temporary – This line item covers the cost of temporary help when needed. Temporary help may be needed during special circumstance events such as an employee being out of work due to injury, or unexpected and temporary events.

Rental Property – Repairs & Maintenance – This line item covers all routine maintenance and repairs for any rental property owned by the Town of Windsor. Currently, this is limited to the Post Office.

Street and Sidewalk Maintenance – This line item covers any repairs that are done to streets or sidewalks within the Town of Windsor. As the Town does not maintain any roadways within the Town, this is currently limited to repairs of sidewalks.

Street Lights – Utility Expense – This line item covers the cost of operating street lights within the Town of Windsor.

Utilities – This line item covers the cost of utilities for all Town owned buildings that serve a General Fund function.

Police Department

Community Relations – This line item includes events such as The Windsor Christmas Toy Drive which is sponsored by the Police Department and the Youth Auxiliary Program. It is also used to purchase items such as pens, citizen's awards, children's books, etc.

Grant Funded Position – This line item covers all cost associated with the grant funded position within the Police Department.

Investigations – This line item is used in regards to needs associated with extensive investigations such as but not limited to the purchase of narcotics or an investigation that requires items such as cars to be placed in secure locations.

Water Fund

Indirect Cost – This line item reimburses the General Fund for services and goods that are provided to the Water Fund. For example, all copy paper used by the Town is purchased by the General Fund, as such; the Water Fund reimburses the General Fund for this expense. The cost of utilities for Town Hall and the maintenance shop, as well as other joint function services are split between the two funds, and the associated cost for the Water Fund appears in this line item.

Protection of Water System – This line item is a reimbursement to the General Fund for the protection of the water system. Our Police Department conducts regular checks of the water system to ensure its safety outside of regular business hours.

System Repairs and Maintenance – This line item covers the cost of maintaining and repairing our water system.

State/Lab Fees – This line item covers the cost of any state fees associated with operating the water system, as well as lab fees associated with testing requirements for the quality of our water.

Temporary Help – This line item covers the cost of any temporary help that may be needed due to a large water line break or other extenuating circumstance.

Legislative

Town Council is the legislative and policy making body of the Town government. It is vested with all the authority specified by the State Constitution, applicable State laws, and the Town Charter. Council takes action by the adoption of ordinances, resolutions, or motions.

The citizens of the Town of Windsor elect the Mayor and the six members of Council in elections that take place every two years – the even numbered years. The Mayor and Council serve four-year terms that overlap.

The following is a listing of the Mayor and members of Council:

Carita J. Richardson	Mayor

Planning and Community Development

Purpose

To protect the public health, safety, and well being of the citizens and increase the economy and property values of the Town of Windsor through the enforcement of the Town's zoning and subdivision ordinances and with thoughtful planning for the Town's future.

Responsibilities

- Review and Issue zoning permits and coordinate the erosion and sediment control/storm-water management process with Isle of Wight County.
- Enforce the zoning ordinance, and conduct codes compliance for inoperative motor vehicles, tall grass and other violations of the code of the Town of Windsor.
- Investigate violations and complaints.
- Review zoning text amendment, rezoning, conditional use permit, variance, and subdivision applications and inform the citizens of Windsor, Board of Zoning Appeals, Planning Commission and Town Council in regards to the pertinent requests.
- Maintain the Town's GIS data and maps
- Protect public health and safety through the application of zoning and subdivision ordinances
- Assist the Economic Development Authority in its various activities to promote the economic interests of the Town.

Activities

During fiscal year 2013- 2014, this office issued 82 zoning permits and processed 83 notices of violation.

There was 1 conditional use permit completed along with the major revision of the Land Development Ordinance and the work on the Town of Windsor Comprehensive Plan during the calendar year 2014.

Fiscal Year 2015-2016 Objectives

- Continue to protect public health safety and well being through the appropriate planning for the Town's future.
- Increase proactive enforcement of zoning ordinance and other Town Codes.
- Complete the Revision of the Town's Land-Use Ordinances and continuously review and recommend revisions to those Ordinances as well as administrative procedures and forms to improve the Town's processes to make them clearer to the public and create a more efficient Department. Coordinate with the Hampton Roads Planning District Commission and the Planning Commission and Town Council of the Town of Windsor in the 2015 Comprehensive Plan.
- Assist the Economic Development Authority and Town Council in the economic development of the Town.

Four Year Summary of Permits and Violations

The Town is seeing an increase back to prior levels on the number of Zoning Permits. It is noted that the number for FY2013-2014 is almost back to the level of FY2010-2011. More importantly, in FY2013-2014 there were 20 new single family homes and manufactured homes (replacement and new) that will lead to increases in property values and further economic expansion. It also is apparent that the proactive codes enforcement is leading to safer and more attractive neighborhoods.

The following charts display permit and violation data for the past four fiscal years.

Public Works

The Town's Public Works operation is responsible for maintaining all of the Town's physical and fixed assets. With a staff of two full time persons and one year round part time person (added with this budget year) they divide their time between General Fund operations, and Water Fund operations.

They are responsible for the Town's public grounds and Town-owned buildings, including routine repair, maintenance, and janitorial services. Although the Virginia Department of Transportation (VDOT) maintains the streets and highways within the Town's limits, the Town's Public Works staff is responsible for the maintenance and repair of all of the Town's sidewalks.

Because the Town's Public Works employees must split their duties among the two operating funds, they carefully schedule their work so that General Fund public works activities get accomplished on time while – at the same time – ensuring the safe and efficient operation of the Town's water system – including the reading and repair of water meters.

Police Department

Purpose/Responsibilities:

The Windsor Police Department is charged with providing law enforcement /criminal investigative and public safety functions throughout the corporate limits. The Windsor Police Department is a “Values” driven organization committed to excellence and will continue to partner with other law enforcement agencies, governmental organizations, community groups and residents to reduce and prevent criminal activity thereby making the Town of Windsor the best place in which to live, learn, play, visit and conduct business.

Activities/Services:

During calendar year 2014, the Windsor Police Department recorded and responded to approximately **923** dispatched and/or citizen initiated calls for service and approximately **14,926** officer initiated calls for service with the total calls for service at approximately **15,860** service calls.

During 2014 WPD made **51** arrests for Felony offenses and **125** arrests for Misdemeanor offenses. The increase in arrests this year can be attributed to proactive police activity and an increase in citizen contacts that resulted in offenders being arrested on outstanding warrants. In the area of traffic enforcement WPD issued **2,319** traffic summonses and investigated **117** traffic accidents. NHTSA studies show that through aggressive and highly visible traffic enforcement, lives are saved through a decrease in the frequency of crashes. Traffic enforcement continues to be a priority for the Windsor Police Department.

The Windsor Police Department remains highly active in school and community programs and has continued our efforts to develop community partnerships that enhance crime prevention efforts in the Town as well as promoting a healthy and open dialogue based on trust with all of our residents. In 2014 WPD hosted its first National Night Out event with the Isle of Wight Sheriff's Office and the Virginia State Police.

The following is a listing of some of the law enforcement activities of the Department during calendar year 2014:

- Responded to and investigated approximately 117 motor vehicle crashes.
- Arrested approximately 51 individuals for felony offenses.
- Arrested approximately 125 individuals for misdemeanor offenses.
- Conducted approximately 2,917 traffic stops.
- Issued approximately 2,319 traffic/criminal summons.

Fiscal Year 2015 – 2016 Objectives:

- Installation of the LIVE SCAN finger printing system into the booking area.
- Purchase and implementation of 6 body worn cameras to increase transparency and accountability.
- Hiring of a Police Chief.
- Hiring of personnel to bring staffing levels to 100%.
- Increased traffic enforcement and accident reduction activities funded by Virginia DMV Highway Safety Office grants.
- Ensuring that all officers complete Crisis Intervention Team training in dealing with the mentally ill.
- Review and update of all Policy and Procedures to ensure the best practices are in place.
- Training and review for all officers in the areas of Use of Force and Cultural Diversity.
- Transition to computer based reporting and records management for all officers.
- Restructuring of the Auxiliary Police Officer program.
- Installation of the VCIN/NCIC terminal.

Pay and Compensation Plan

It is important for any organization, either public or private, to have a pay and compensation plan. Such a plan establishes internal equity among the various jobs within the organization. In considering the knowledge, skill, and experience that each position requires, the pay and compensation plan establishes fairness among the ranking of the various job positions. The pay and compensation plan also ensures that the salaries reflect the relative value of each job to the organization. In addition to ensuring internal fairness, an organization's pay and compensation plan should be externally competitive with those in the market place.

It is essential that all organizations have a pay and compensation plan; not having one is akin to the organization managing its most valuable asset – its employees – *“by the seat of the pants.”*

The following charts are the Town's pay and compensation plan for Fiscal Year 2015-2016.

Water Fund

This is the 2015-2016 operating budget for the Water Fund.

The Town of Windsor operates its water system as an enterprise fund in which the water fund revenues are used to fund the operation, maintenance and debt service of the system. For 2015-2016, the General Fund will not subsidize this fund either directly or indirectly.

The Town Manager's budget message at the front of this document contains some important, detailed information about the 2015-2016 Water Fund operating budget, and this narrative will not duplicate that information. Again, this is important information, and Town Management recommends that the reader of this document review that section of the budget message that discusses this fund.

Town Management has balanced this budget with no increase in the water rate. Our water system has approximately 850 customers, and a proposed uniform water rate of \$7.00 per 1,000 gallons of water.

Five-year Capital Improvements Plan

The following is the proposed Capital Improvements Plan (CIP) for the five-year period covered by fiscal years 2015-2016 through 2019-2020.

A capital expenditure is an outlay of significant value that results in the acquisition of or addition to, a capital or fixed asset. The CIP is not a “wish list,” but it is a near-term, multi-year plan for undertaking and financing capital expenditures and projects. In developing the CIP, the municipal government must consider its ability to fund the plan. At this point in time, the Town of Windsor has limited ability for undertaking an aggressive CIP without significantly increasing revenues.

This CIP is a “doable plan” for the Town. It does fit within the Town’s financial capabilities. .
