Terry Whitehead

Town Treasurer
Christy Newsome

Town Attorney
Fred Taylor

Planning and Zoning Report

DATE: December 5, 2019

Planning Grant/Management team- The last set of surveys have been sent out and the group will conduct its analysis on all surveys returned starting on the 16th of this month. Long term goals were set at the team's last meeting. In addition to work on the pre-planning grant, the team will work to host community block parties in different neighborhoods throughout the year, establish an annual business coming out event, and is looking to recruit new members.

102 Maple Ln- Repair work has started on the church. The crew working on site have said that the inside will be cleaned out first and then repairs on the roof will start. There was mention that the site may be used as a church again, but this has not been confirmed with the owners.

Violation Letters 11/6/19-12/5/19
